Section Two: General Trials Rules.

2.1 A course director shall be in charge of each trial. A course director shall appoint assistant directors and delegate duties. The course director shall call competitors in their turn according to the program, unless otherwise delegated by the course director. If requested by a competitor before the run starts to explain the course, he shall do so. After the run starts, he shall not assist the competitor by giving advice or in any other way. He shall see that each lot of sheep when let out is placed to give each competitor a fair and equal chance. He shall be available at all times during the trial to convey to the competitor any instructions from the judges. He is responsible at all times for keeping the course clear and ensuring that competitors or their dogs are not interfered with in any way while competing. 2.2 It is the time keepers duty to accurately start the stopwatch at the beginning of each competitor's run and to promptly call time when the allotted time for the course has expired.

2.3 Entry forms must be completed and timely logged. Entry fees for all runs and/or events shall be of such sum as is determined by the trial organizers and must be paid on entry.

2.4 (a) Any competitor running two dogs will run his/her second dog after all other competitors with two dogs have run their first dog. A handler MAY NOT designate which dog is to run first. (b) To implement this, all handlers with one dog will be drawn randomly, one at a time, and divided alternately into two lots. Entries of handlers with two dogs will be added to the first lot. Entries of the first lot will then be drawn for running order. First dog drawn runs first, second dog drawn runs second, etc. When a handler with two dogs is drawn a second time that entry will be placed in the second lot for re-draw. Upon completion of drawing the first lot, the trial Secretary will randomly draw the second lot to continue the running order. (c) We suggest that where trials allow three dogs to compete that the running order be drawn as follows: All handlers with one dog will be drawn and randomly divided into three (3) lots. All handlers with two (2) dogs will be drawn and randomly placed in two of the three lots. All handlers with three (3) dogs will be drawn and added to each of the three (3) lots. Beginning with the first lot each lot shall be drawn to determine the running order.

2.5 If two or more competitors stand equal in total points, the judges shall settle their priority either by: (a) their total points for the outrun, lift, and fetch; (b) ordering re-trials of any kind; or (c) dividing prize money involved. In cases of equality where a trophy is at stake and the judges order re-runs, the re-runs will decide not only the trophy, but also the cash prizes involved.

2.6 A judge may stop a run at any point and order a re-run if they consider the circumstances warrant such action. The re-run will commence where the original run was stopped and the points scored before stopping takes place will stand.

2.7 All awards announced at any GSDA trials are subject to correction of any error discovered within two weeks after the trial. Any error that may be discovered will be corrected, and the awards as announced readjusted accordingly. If such is the case, awards may be recalled and will be returned to the trial management. All prizes and awards won at any trial shall be paid within one month after said trial.

2.8 GSDA Official Score Sheets are to be used for all GSDA Sponsored Trial Classes and GSDA Points Trial Classes. The score sheets are to be maintained by the trial host for one year and made publicly available upon request. Additionally, within twenty one (21) days of the trial conclusion, the total points lost and kept for all GSDA Trial Class runs must be certified by the event host as accurate and provided to the GSDA Secretary. GSDA official score sheets can be found at GSDA.org or DogTrialEntry.com.^{9/12/2019}
